2. Question:	Cite 2 values, virtues or principles that you strongly hold. Then, name at least 2 persons whom you would want to impart you values, virtues, or principles. Why did you choose those persons?
3. Summary of Answers:	Christopherson's 2 values are: "The harder the battle, the sweeter the victory" and "Aal Izz Well". He wants to impart these values to her older sister and to himself because these two are the most valuable to him. Cedric's values that he strongly hold are: "Learn from your mistakes and do your best to correct it" and "Being able to forgive people that wronged you". The two people that Cedric wants to impart these values are his girlfriend and his father. Cedric Specifically chose these 2 persons because he always make something that would upset them, and he always do my best to correct it and improve myself. There are also times that these people have wronged me and I'm always willing to forgive and make peace with them. On the other hand, Jessica's values are "Love your enemies and pray for those who persecute you" and "Commit to the Lord whatever you do, and he will establish your plan." Jessica wants to impart this values or verses to her sister and her friend that sometimes they are in the midst of trouble they just need to stay still and just pray until it heals. And the last verse is to motivate them to be more on Jesus and to offer it to him and depend on him always. "Honesty" and "Respect are the values the Justin strongly holds, he want to share this to my family and friends, The second principle this gives him confidence and consistency in my other values , like a supporting block to him, Justin chose these persons to see that this values will be important on their journey in life. Finally, "Everything will be alright, and you can do anything; you just have to trust yourself." are the two values that Janela strongly holds, and she wants to impart them first to her friend who is currently going through a tough time, and second to her best friend who has been questioning himself if he can lead their capstone group correctly. Janela chose these two people because she want them to know that people have different struggles, but whatever it is, no matter how hard it is, it will come to its end, and everything will be alright in the right time.
